---

### **COMMUNITY HOUSING:**

The community housing project is ongoing.

The Board unanimously approved a quote from the Community Housing Trust to carry out the next stage of the community affordable housing project. They were particularly impressed with the excellent reputation that the Community Housing Trust has from its very long history of working on community affordable housing projects in Skye and the Highlands and Islands - most recently in Staffin.

Next steps - funding applications to the Scottish Land Fund and the Rural Housing Fund.

### **School leaver's support fund**

The Board were delighted to approve 4 applications from recent school leavers for this fund.

### Fairy Pools Car Park:

OATS have let the Board know that Upgrade works are about to commence at FPCP. It is anticipated that this will create extra car park spaces but until works commence, they cannot be sure about numbers. Work will also be done at the exit, to scrape away the banks to allow better line of sight for people exiting, hopefully improving the situation where people are turning left up the hill while traffic is attempting to come down the hill.

The works will be done level at a time, and in off-peak times (over the winter months), so it is hoped that disruption will be kept to a minimum and the car park will remain open at all times.
